

Community Care, Inc. Trauma-Sensitive Care Training for Direct Care Workers

A three-part training building on principles of trauma-informed care and how to work effectively with members who have complex behaviors. For contracted providers only.

Jonathan Cloud is a national trainer and consultant with over 30 years of experience in human services including case management, administration, and program development in mental health, child protection, juvenile justice systems. Jonathan has expertise in trauma-informed care and approaches. Community Care is bringing Jonathan's expertise and engaging training style to residential providers who are committed to serving members with complex behavioral needs.

Participants in this 3-part series will learn and demonstrate:

- Where behavior comes from and the effects of trauma exposure on behavior
- Trauma-exposure and our stress-response systems.
- How enjoyable, joyful experiences, create meaningful days and impact behavior
- The importance of employee self-awareness, self-management, and self-care
- The stages of healing and recovery, fostering and recognizing growth
