Community Care:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - o Qualified sign language interpreters
 - o Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - o Qualified interpreters
 - o Information written in other languages

If you need these services, contact your care team toll free at 1-866-992-6600.

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we”, “us” or “our”, it means Community Care Health Plan, Inc. When it refers to “plan” or “our Plan”, it means Community Care.

This document includes a list of the drugs (formulary) for our plan which is current as of 11/08/2021. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, premium and/or copayments/coinsurance may change on January 1, 2021, and from time to time during the year.

The Community Care Family Care Partnership Program (HMO SNP) (Community Care) is a Coordinated Care plan with a Medicare Advantage contract and a contract with the Wisconsin Medicaid program. Enrollment in the Community Care Family Care Partnership Program (HMO SNP) depends on contract renewal. Enrollment is available to anyone who has both Medical Assistance from the State and Medicare and is functionally eligible as determined by the Wisconsin Long-Term Care Functional Screen.

Community Care contracts with the Centers for Medicare and Medicaid Services (CMS) and the Wisconsin Department of Health Services (DHS) to offer this Medicare Advantage Special Needs Plan (SNP) that is fully integrated with the Wisconsin Family Care Partnership Program.

The formulary may change at any time. You will receive notice when necessary.

What is the Community Care Formulary?

A formulary is a list of covered drugs selected by Community Care in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Community Care will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Community Care network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage (EOC).

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but Community Care may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.

- If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on the steps you may take to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Community Care Formulary?”
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary or add new restrictions to the brand name drug. Or we may make changes based on new clinical guidelines.
 - If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.
 - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Community Care’s Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2021 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2021 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 11/08/2021.

To get updated information about the drugs covered by Community Care, please contact us. Our contact information appears on the front and back cover pages.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 2. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular Agents.” If you know what your drug is used for, look for the category name in the list that begins on page 2; then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 76. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Community Care covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

Prior Authorization (PA): Community Care requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Community Care before you fill your prescriptions. If you don't get approval, Community Care may not cover the drug.

Quantity Limits (QL): For certain drugs, Community Care limits the amount of the drug that Community Care will cover. For example, Community Care provides 9 tablets per prescription for sumatriptan succinate tablets. This may be in addition to a standard one-month or three-month supply.

Step Therapy (ST): In some cases, Community Care requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Community Care may not cover drug B unless you try Drug A first. If Drug A does not work for you, Community Care will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 2. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted on line documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Community Care to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to Community Care's formulary?" on page VI for information about how to request an exception.

What are over-the counter (OTC) drugs?

OTC drugs are non-prescription drugs that are not normally covered by a Medicare Prescription Drug Plan. Community Care pays for certain OTC drugs. A list of OTC drugs covered by Community Care is at the end of this booklet. Community Care will provide these OTC drugs at no cost to you. The cost to Community Care of these OTC drugs will not count toward your total Part D drug costs. (That is, the cost of the OTC drugs does not count for the coverage gap.)

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Customer Service and ask if your drug is covered. If you learn that Community Care does not cover your drug, you have two options:

You can ask Customer Service for a list of similar drugs that are covered by Community Care. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Community Care.

You can ask Community Care to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to Community Care's Formulary?

You can ask Community Care to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

You can ask us to cover your drug even if it is not on our formulary.

You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Community Care limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Community Care will only approve your request for an exception if the alternative drugs included on the plan's formulary or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary or utilization restriction exception. **When you are requesting a formulary or utilization restriction exception, you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement.

You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber

What do I do before I can talk to my doctor or other prescriber about changing my drugs or requesting an exception?

As a new or continuing member in our plan, you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor or other prescriber to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a

maximum 30 day supply of medication. After your first 30 day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

If your level of care changes and you become a resident of a of long-term care facility, Community Care will provide at least a 31-day supply (unless the prescription is written for less) with refills provided.

For more information

For more detailed information about your Community Care prescription drug coverage, please review your Evidence of Coverage (EOC) and other plan materials.

If you have questions about Community Care, please contact us. Our contract information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY/TDD users should call 1-877-486-2048. Or, visit www.medicare.gov.

For more information about Medicaid, please contact the Wisconsin Department of Health Services by calling 1-800-362-3002. You can also get information by visiting their website at www.dhs.wisconsin.gov/Medicaid.

Community Care's Formulary

The formulary that begins on page 2 provides coverage information about the drugs covered by Community Care. If you have trouble finding your drug in the list, turn to the Index that begins on page 76.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g. PLAVIX) and generic drugs are listed in lower-case italics (e.g., furosemide.).

The information in the Requirements/Limits column tells you if Community Care has any special requirements for coverage of your drug.

The Formulary Key:

QL = Quantity Limits

PA = Prior Authorization for all members

B/D = Prior Authorization to determine Medicare Part B vs. Part D coverage

ST = Step Therapy

LA = Limited Access

HI = Home Infusion

Example:

Drug Name	Requirements/Limits
ANTIBACTERIALS	
Quinolones	
levofloxacin	
VIGAMOX	
Antibacterials, Other	
CLEOCIN SUPP	
vancomycin hcl caps	PA
Antispasmodics, urinary	
MYRBETRIQ	ST
oxybutynin	

The formulary may change at any time. You will receive notice when necessary.

Because you have both Medicaid and Medicare, you will have no co-payments for covered prescription drugs. If you have questions about your drugs, please contact Customer Service or talk to your team.

LEGEND

TIER	NAME	
1	Covered	

SYMBOL	NAME	DESCRIPTION
QL	Quantity Limit	There is a limit on the amount of this drug that is covered per prescription, or within a specific time frame.
PA	Prior Authorization	You (or your physician) are required to get prior authorization before you fill your prescription for this drug. Without prior approval, we may not cover this drug.
ST	Step Therapy	In some cases, you may be required to first try certain drugs to treat your medical condition before we will cover another drug for that condition.
LA	Limited Access	This prescription drug is limited to certain pharmacies.

2021 Community Care Inc. (List of Covered Drugs)

DRUG NAME	REQUIREMENTS/LIMITS
Analgesics	
Nonsteroidal Anti-inflammatory Drugs	
<i>celecoxib (cap 50 mg, cap 100 mg, cap 200 mg, cap 400 mg)</i>	
DICLOFENAC EPOLAMINE	PA
<i>diclofenac potassium tab 50 mg</i>

Opioid Analgesics, Long-acting	
<i>fentanyl</i>	PA
<i>methadone hcl (5 mg/5ml solution, soln 5 mg/5ml, soln 10 mg/5ml, tab 5 mg, 10 mg/5ml solution, tab 10 mg)</i>	
<i>morphine sulfate (oral soln 10 mg/5ml, tab er 15 mg, tab er 30 mg, tab er 60 mg, tab er 100 mg, tab er 200 mg)</i>	
OXYCODONE HCL ER	
<i>tramadol hcl (tab er 100 mg, tab er 200 mg, tab er 300 mg, tab er biphasic release 100 mg, tab er biphasic release 200 mg, tab er biphasic release 300 mg)</i>	
TRAMADOL HCL ER (100 MG CAP ER, 200 MG CAP ER, 300 MG CAP ER)	

You can find information on what the symbols and abbreviations on this table mean by going to page 1.

DRUG NAME	REQUIREMENTS/LIMITS
Opioid Analgesics, Short-acting	
<i>acetaminophen w/ codeine (soln 120-12 mg/5ml, tab 300-15 mg, tab 300-30 mg, tab 300-60 mg)</i>	
<i>codeine sulfate (15 mg tab, 30 mg tab, tab 30 mg, 60 mg tab, tab 60 mg)</i>	
<i>fentanyl citrate (a 200 mcg, a 400 mcg, a 600 mcg, a 800 mcg, a 1200 mcg, a 1600 mcg)</i>	PA
<i>hydrocodone-acetaminophen (soln 7.5-325 mg/15ml, tab 5-325 mg, tab 7.5-325 mg, tab 10-325 mg)</i>	
<i>hydromorphone hcl (preservative free (pf) inj 10 mg/ml, tab 2 mg, tab 4 mg, tab 8 mg)</i>	
HYDROMORPHONE HCL PF 10 MG/ML SOLUTION	
<i>morphine sulfate (15 mg tab, oral soln 20 mg/5ml, tab 15 mg, 30 mg tab, oral soln 100 mg/5ml (20 mg/ml), tab 30 mg)</i>	
<i>oxycodone hcl (conc 100 mg/5ml (20 mg/ml), soln 5 mg/5ml, tab 5 mg, tab 10 mg, tab 15 mg, tab 20 mg, tab 30 mg)</i>	
<i>oxycodone w/ acetaminophen</i>	
<i>tramadol hcl (tab 50 mg, 100 mg tab)</i>	
<i>tramadol-acetaminophen</i>	
Anesthetics	
Local Anesthetics	
<i>lidocaine hcl (mouth-throat)</i>	
<i>lidocaine hcl (soln 4%, urethral/mucosal gel 2%)</i>	
LIDOCAINE HCL URETHRAL/MUCOSAL	
<i>lidocaine oint 5%</i>	
<i>lidocaine patch 5%</i>	PA
<i>lidocaine-prilocaine (cream 2.5-2.5%, cream kit 2.5-2.5%)</i>	
LIDOTREX	
Anti-Addiction/ Substance Abuse Treatment Agents	
Alcohol Deterrents/Anti-craving	
<i>acamprosate calcium</i>	
<i>disulfiram (tab 250 mg, tab 500 mg)</i>	

You can find information on what the symbols and abbreviations on this table mean by going to page 1.

DRUG NAME	REQUIREMENTS/LIMITS
Opioid Dependence	
<i>buprenorphine hcl (tab 2 mg (base equiv), tab 8 mg (base equiv))</i>	
<i>buprenorphine hcl-naloxone hcl dihydrate</i>	
<i>naltrexone hcl tab 50 mg</i>	
Opioid Reversal Agents	
<i>naloxone hcl (0.4 mg/ml soln cart, inj 0.4 mg/ml, soln prefilled syringe 2 mg/2ml)</i>	
NARCAN	
Smoking Cessation Agents	
<i>bupropion hcl (smoking deterrent)</i>	
CHANTIX CONTINUING MONTH PAK	PA
CHANTIX STARTING MONTH PAK	PA
NICOTROL	
Antibacterials	
Aminoglycosides	
<i>amikacin sulfate inj 500 mg/2ml (250 mg/ml)</i>	
GENTAK	
<i>gentamicin in saline (0.8-0.9 mg/ml-% solution, 1-0.9 mg/ml-% solution, inj 1.2 mg/ml, 1.6-0.9 mg/ml-% solution)</i>	
<i>gentamicin sulfate (ophth)</i>	
<i>gentamicin sulfate (topical)</i>	
<i>gentamicin sulfate inj 40 mg/ml</i>

For more recent information or other questions, please contact Community Care Customer Service at 1-800-992-6600 or for TTY users, the Wisconsin Relay System at 711. You can call 24 hours a day, 7 days a week, or visit www.communitycareinc.org.

Community Care is a private, non-profit organization that integrates health care and well-being services to provide the wider range of help that seniors and adults with disabilities need. In business since 1977, our services allow people to continue living independently, in their own homes and communities.

The Community Care Family Care Partnership Program (HMO SNP) is a Coordinated Care Plan with a Medicare Advantage Contract and a contract with the Wisconsin Department of Health Services for the Medicaid Program. Enrollment in Community Care depends on contract renewal.
